

Dealing with the giants within the Church – prophetic word given by Pr Daniel Nalliah – 9/08/2019

Pr Daniel Nalliah wants the nations to get ready, as God is about to judge the nations.

I am sure, if we pray, fast and plead our cause with God in repentance, we could avoid major disasters. I personally feel that the nations are in for great shaking in the next 3-6 years.

On 9th Aug 2019, I woke at 2am with a dream that someone was tapping on my front door. I opened the door and there were two well-dressed men standing there. I wondered what they were doing at my door at 2am and asked them why they were there. They asked if they could come in. I said yes, and let them in. they came in and sat at my dining table with me. That is the place where I usually pray. Then they asked me to turn to Genesis chap 18 and 19. As I turned to the scriptures I woke up. I read about Sodom and Gomorrah, and had a tremendous witness, that these were the two men (Angels) who visited Lot.

The Holy Spirit started ministering to me and said:

Son, I love all people and died for all people. But I will not tolerate sin. I do have much grace for the sinner. Legalising sin does not make it right. As your nation has legalised homosexuality and abortion (murder). The seeker friendly church tolerates and accepts sin with the sinner. My house is called to be a House of prayer for all nations has been turned into a place of social welfare and entertainment. It may please people temporarily to feel good, but in reality they are walking in darkness. Even as I judged Sodom and Gomorrah for their sinful activities, so I am about to judge the nations. But for the sake of the remnant that are righteous in the Church and seek My face, I will hold back My full cup of wrath. But the nations will pay a price. For this reason, I have given Australia a Born again PM as promised for 2020, as in the next 3-6 years you will have a very challenging time. The economy will collapse, there will be recession, the share market will tumble and currency will devalue and there will be many natural disasters.

However, “if my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land” - 2 Chronicle 7:14.

If you will sincerely seek My face, I will spare your land from war and make it a refuge for all nations. For I have remembered that your nation with the 800 horsemen re-captured Jerusalem. When you call out in prayer and seek My face, tell your apostles/prophets to present your calling as the Great South Land of the Holy Spirit.

Another Dream on 9 Aug 2019 at 2.30am.

Ps Daniel Nalliah stated:

In the dream I saw Australia, America and many other nations going through a severe economic crisis. The cost of living sky rocketed; petrol was \$2 a litre. I saw in the dream multitudes of horses and rider dressed in green riding towards the West. I also saw multitudes of horsed and riders dressed in red riding towards the west. I heard the words ‘rise up and stand against these horses and their riders.

The Holy Spirit gave me the interpretation:

As the West is going through an economic crisis, we must be very careful not to sell or borrow from our Islamic countries or China. The green horsemen represented Islam while the red horsemen represented China. Islamic countries and china are serving their own purposes for world domination. They are coming into Europe, Africa and Asia by stealth. Many 3rd world countries are in debt to China and the Middle East. Some have to sell their land or give over their sea ports and airports to China.

In this hour we need to pray hard and thank God for giving us a Born Again PM, to see us through this crisis. He needs much wisdom and guidance from the right sources. Your PM Scott Morrison, will need to have a clear prophetic voice from God.

Now, for some glorious and good news. The Holy Spirit told me; My son, during this time of crisis the true Church will be birthed. Multitudes will come into the kingdom. I will judge the sin friendly church (seeker friendly Church). There will be much repenting with tears. I am preparing your nation to come into a habitation for Me. This is why your nation called the Great South Land of the Holy Spirit.

Just then, I was reminded of dream I had in Ethiopia on 9 April 2000 (this is the day that the Lord gave me a heart for Australia). I saw thousands of Aussies of different ethnic backgrounds, leaving Australia with Bibles, in own native languages. I then realized that Australia is experiencing a revival/reformation. These Aussies of different ethnic backgrounds were leaving Australia and going back to their own native lands as missionaries for Jesus. Praise God!
